- Education:** Bachelor of Science, Industrial Technology-  
Construction Management  
California State University, Long Beach
- Experience:** **2008-Present: Principal, General Contractor  
Lima Consulting, Inc.**  
Mr. Martinet brings over three decades of construction and consulting experience to Lima Consulting. His career in construction includes residential, commercial, and industrial projects valued at more than \$350 million. His forensic consulting experience spans thousands of cases, hundreds of depositions, and more than 75 trials. Mr. Martinet also holds the designation of Certified Professional Constructor (CPC) from the American Institute of Constructors (AIC).
- 1986-2008: Senior Consultant,  
MC Consultants, Inc.**  
Responsibilities included forensic investigation, document analysis, development of repair recommendations, delay analysis, contract disputes, mold investigation, building code and materials research, standard of care, and expert witness testimony.

**Experience  
(Continued):****1986-2011: Chairman of the Board,  
MC Consultants, Inc.**

Mr. Martinet guided the direction and scope of MC Consultants' corporate mission. He set the agenda and presided over corporate proceedings.

**1986-2005: President, MC Consultants, Inc.**

Mr. Martinet directed all MC Consultants, Inc. service divisions through dynamic leadership and strategic planning. He guided the organization, actively ensured business development and continued growth, and effectively cultivated key business relationships. He implemented company policy, maintained the business plan and philosophy, and deployed tactical initiatives to execute strategic company-wide objectives. He also met with executive staff on a regular basis and lead management's efforts in implementing and achieving corporate priorities. Through his leadership, Mr. Martinet maintained MC Consultants' corporate culture of excellence, performance, and integrity.

**1993-2011: President, Tori Construction**

Oversaw general contracting firm specializing in structural repairs and emergency repair work.

**1988-1990: President, Martinet Construction**

Oversaw general contracting firm specializing in negotiated contracts in the industrial and commercial construction sector. This firm completed over \$6,000,000 in projects.

**1986-1988: Vice President/Partner, Hannah-Gillard Co.**

Directed the division that performed all estimating and bidding functions for hard dollar and negotiated bids. For this full service general contracting and property management business, the department interfaced with all design disciplines during the conceptual and design phases of the project up through the commencement of construction.

**1978-1986: Senior Project Manager, Lusardi Construction**

Directed the project team's construction of approximately four million square feet of industrial, commercial and residential projects including warehouses, cold storage and food processing facilities, office buildings, aircraft facilities, hotels

**Experience  
(Continued):**

and motels, subdivision infrastructure improvements, and tenant improvements. Played an integral role in this full service design and build general construction business.

**1977-1978: Project Engineer, CBR Development**

Performed project management and estimator duties for this in-house development and construction arm of Denny's, Inc.

**1974-1976: Carpenter, Integrated Incorporated**

Performed carpenter work for this general contracting firm specializing in heavy concrete construction.
